Novant Health Medical Group Color chart

The color chart below outlines the new color for each department or job class. The chart, while not an exact color match, provides a visual representation of the color, as well as the exact color name from some of the most popular uniform vendor styles. Please make sure you know, before you purchase a uniform, what colors are acceptable for your department. A color not on this chart may be similar, but it is not a match and cannot be worn in the workplace.
