## Novant Health uniform standardization Acute care color chart

The color chart below outlines the new color for each department or job class. The chart, while not an exact color match, provides a visual representation of the color, as well as the exact color name from some of the most popular uniform vendor styles. Please make sure you know, before you purchase a uniform, what colors are acceptable for your department. A color not on this chart may be similar, but it is not a match and cannot be worn in the workplace.
